(October 31, 2022)

The Public Representative hereby provides comments pursuant to the Commission's Notice Initiating Dockets.¹ In that Notice, the Commission established the above referenced docket to receive comments from interested persons, including the undersigned Public Representative, on a Postal Service Request to add Priority Mail and First-Class Package Service Contract 223 to the competitive product list.²

The Postal Service's Request includes a Statement of Supporting Justification, a certification of compliance with 39 U.S.C. § 3633(a), a public (redacted) version of Governor's Decision No. 19-1 and related analysis, a public version of Priority Mail and

² Request of the United States Postal Service to Add Priority Mail & First-Class Package Service Contract 223 to the Competitive Product List and Notice of Filing Materials Under Seal, October 25, 2022 (Request).

First-Class Package Service Contract 223, and proposed changes to the Mail Classification Schedule competitive product list with the additions underlined. The Postal Service also filed under seal an unredacted version of Governor's Decision No. 19-1, Contract 223, and supporting financial data estimating the contract value during the first year.

According to the Postal Service, Priority Mail and First-Class Package Service Contract 223 is a competitive product "not of general applicability" within the meaning of 39 U.S.C. § 3632(b)(3). Request at 1. The Postal Service also maintains that the prices and classification changes applicable to Contract 223 are supported by Governors' Decision No. 19-1.³ The Postal Service further asserts that the Statement of Supporting Justification (Statement) provides support for adding Contract 223 to the competitive product list and the compliance of the instant contract with 39 U.S.C. § 3633(a). *Id.*

The effective date for Contract 223 is three (3) business days following approval from the Commission. Attachment B at 8. The contract will expire three (3) years from the effective date unless terminated by either party with 30 days' notice to the other party, or other stated reasons per the contract. *Id.*

COMMENTS

The Public Representative has reviewed the instant contract, the Statement of Supporting Justification, and the financial data and model filed under seal that accompanies the Postal Service's Request. Based upon that review, the Public Representative concludes that Priority Mail and First-Class Package Service Contract 223 should be categorized as a competitive product and added to the competitive product list. In addition, it appears that the instant contract will generate sufficient revenues to cover costs in the first year and thereby satisfy the requirements of 39 U.S.C. § 3633(a).

Product List Assignment. Pursuant to 39 U.S.C. § 3642, the Postal Service requests that Priority Mail and First-Class Package Service Contract 223 be added to the competitive product list. 39 U.S.C. § 3642 requires the Commission to consider whether “the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant level of business to other firms offering similar products.” 39 U.S.C. § 3642(b)(1). Products over which the Postal Service exercises such power are categorized as market dominant while all others are categorized as competitive.

The Postal Service makes a number of assertions that address the considerations of section 3642(b)(1). *Attachment D.* These assertions appear reasonable. Based upon these assertions, the Public Representative concludes that the Postal Service’s Request to add Priority Mail and First-Class Package Service Contract 223 to the competitive product list is appropriate.

Requirements of 39 U.S.C. § 3633. Pursuant to 39 U.S.C. § 3633(a), the Postal Service’s competitive prices must not result in the subsidization of competitive products by market dominant products; ensure that each competitive product will cover its attributable costs; and ensure that all competitive products collectively contribute an appropriate share of the institutional costs of the Postal Service. Based upon a review of the financial data, the negotiated prices for Contract 223 should generate sufficient revenues to cover costs during the first year of the contract and therefore meet the requirements of 39 U.S.C. § 3633(a). In addition, while Contract 223 is expected to remain in effect for three years, during this period, the contract contains a mechanism for the upward annual adjustment of prices.

Finally, the Postal Service must file revenue and cost data for Contract 223 in future Annual Compliance Reports. These data will permit the Commission to annually review the financial results for Contract 223 for compliance with 39 U.S.C. § 3633(a).

The Public Representative respectfully submits the foregoing comments for the Commission's consideration.
